

Rahul Singhania

DevOps & Cloud Architect

rahul.singhania@outlook.com +91 99887 76655 Pune, Maharashtra linkedin.com/in/rahulsinghania-devops

Cloud Architect with 10 years designing resilient, cost-optimized infrastructure on AWS and Azure. Reduced infrastructure costs by \$2M+ across clients. Certified in AWS, Azure, and GCP. Expert in SRE practices, Kubernetes, and GitOps.

PROFESSIONAL EXPERIENCE

Cloud Architect

Apr 2020 – Present

Wipro Digital · Pune

- Designed multi-region AWS architecture for BFSI client handling ■5000Cr daily transactions
- Reduced cloud spend by \$1.2M/year through reserved instances and auto-scaling optimization
- Led Kubernetes migration for 200+ microservices with zero-downtime deployments
- Established SRE practices achieving 99.95% SLA across 15 production systems

Senior DevOps Engineer

Jan 2017 – Mar 2020

Persistent Systems · Pune

- Built GitOps pipeline reducing release cycles from monthly to daily
- Implemented Terraform infrastructure-as-code for 3 AWS accounts with 400+ resources
- Automated disaster recovery cutting RTO from 4 hours to 15 minutes

Systems Engineer

Jul 2014 – Dec 2016

TCS · Mumbai

- Managed Linux infrastructure for 500+ servers across 3 data centers
- Automated provisioning with Ansible reducing setup time by 80%

CORE SKILLS

Cloud	AWS · Azure · GCP · Multi-cloud
IaC	Terraform · Pulumi · CloudFormation · Ansible
Containers	Kubernetes · Docker · Helm · Istio
CI/CD	Jenkins · GitHub Actions · ArgoCD · CircleCI
Monitoring	Prometheus · Grafana · Datadog · ELK Stack

EDUCATION

B.E. Information Technology • University of Pune • 2014 | GPA: 7.9/10

PROJECTS · CERTIFICATIONS · ACHIEVEMENTS

- ✓ AWS Solutions Architect Professional
- ✓ CKA (Certified Kubernetes Administrator)
- ✓ Azure Solutions Architect Expert
- ✓ GCP Professional Cloud Architect
- ★ Wipro Top Performer 2022 & 2023

★ Speaker at KubeCon India 2022

★ Cost saved \$2M+ across client engagements
